

PRODUCT OVERVIEW:

The Joby Zivio™ is an elegant, high performance Bluetooth™ Headset featuring an extendable, flexible microphone boom that ensures users can communicate in noisy environments that have been traditionally challenging. By utilizing an ultra-sensitive, retractable microphone the Zivio eliminates background noise, providing users with crystal clear sound quality. The Zivio features sets of interchangeable earpieces to provide all-day comfort, as well as an optional ear loop for a custom fit. A sleek and lightweight headset, the Zivio can be worn on the left or right ear and will be available in a variety of colors.

PRODUCT FEATURES:

- Revolutionary boom microphone designed to provide superior sound quality
- A beautiful, head-turning design with luxurious finishes and customizable inner housing
- Interchangeable earpieces and ear loop provide all-day comfort and custom fit
- Easy-to-use; make, end and switch between calls, adjust volume, and conference two calls
- Compatible with most modern Bluetooth enabled mobile phones
- Available in several attractive colors
